Town of Truckee  
Canyon Springs Project  
Glenshire

To Whom this may concern;

I wanted to voice my opinion on the Canyon Springs Project. I'm totally against building homes in the Canyon Springs area. I have issues with the traffic both during construction and afterwards and the noise from the construction. I also have issues with the migration of the deer in that area and the destruction of the trees and vegetation.

**Please stop this project!!!!!!**

Thank you for hearing my opinion!
